Since 2010

Gas furnace

## HISTORY

Founded in December 2010, our company specializes in the design, manufacture and installation of furnace for enameled parts. To date, nearly 40 new installations and numerous renovations around the world have been carried out by us.

In addition to this activity, we are also involved in the maintenance of industrial equipment, boilermaking, metalwork, industrial piping (water / air / gas) and locksmithing.

Our design office is able to meet all the requirements of our tailor-made clients. Our strength : responsiveness, adaptability of our teams to meet your most specific requests.

Exchanger

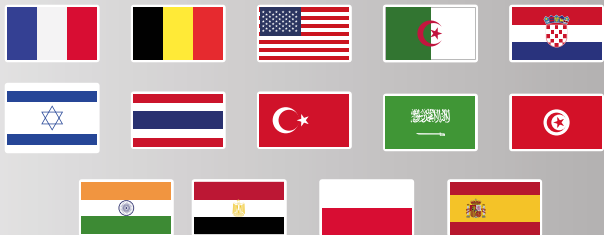

Thermal and combustion control

Insulation

Countries where we have carried out installations :

## Key figures

**10**

qualified employees:  
boilermaker, welders  
pipefitters, mechanics-fitters, fumists

**30**

over years  
of experience in the field of  
enamel furnaces

**30 and 10**

furnaces and 10  
dryers  
made around the world

Piping

Guardrail

Stairs

## OUR MEANS OF PRODUCTION

- 1 CN 120T folder
- 1 10mm guillotine shears over 3 meters
- 1 rolling machine 6 mm by 2 meters
- 1 80 Tonne punching machine
- 1 chainsaw with profiles Ø 400
- 1 ARG 260 semi-automatic band saw cuts from 0 to 60 ° and up to 260mm
- 1 SOCAD roller bender, UPN 140mm, angle iron 80x80x8, T 50x50x6
- 1 WAFUM TUR 50 lathe, 1500mm center distance, Ø 500mm
- 1 CINCINNATI column drill-tapper, 23mm hole, M2 to M14 tapping
- Cutting : blowtorch, plasma, flame cutting
- Welding : TIG, MIG, ARC
- 2 overhead cranes 5 Tons
- Specialized in the work of refractory stainless steel (310, 330, 253MA, Inconel 601, Alloy 800H)
- Technical studies office and design on Solidworks 2020

## OUR JOBS

Study, design, manufacture and installation of industrial gas and electric furnaces for baking enamel and painting

Renovation and retrofit of industrial furnaces

General maintenance of industrial furnaces

Study, design, manufacture and insulation installation for industrial furnaces

Sheet metal, industrial boilermaking

Industrial piping (water, air, gas)

General industrial maintenance

Locksmith
